	I95-04-044	Investigation on the Commission's own motion into competition for local exchange service.

Summary: On December 21, 2001, Peter Casciato, attorney for Metro One Telecommunications, Inc. (Metro One), met with Robert Wullenjohn, advisor to Cmmr. Brown, in San Francisco. Cmmr. Bilas also participated in the meeting by telephone. Also present were Tom Long, advisor to Cmmr. Lynch, Jonathan Lakritz, advisor to Cmmr. Wood, and Lester Wong, advisor to Cmmr. Bilas; and Karen Johnson, Vice-President, and Laurie Willman, Assistant Vice-President, for Metro One. Casciato stated that Metro One believed that the decision should be voted out as presently written. Casciato stated further that Metro One should be treated no differently than any other toll carrier in the rates, terms and conditions afforded it by the incumbent local exchange carriers for Directory Assistance listings and that Metro One was entitled to a full refund of the per query charges which the draft decision has ordered deleted from the Pacific Bell tariff.

1/11/02	I01-04-002	Order Instituting Investigation whether Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company, and their respective holding companies, PG&E Corporation, Edison International, and Sempra Energy, respondents, have violated relevant statutes and Commission decisions, and whether changes should be made to rules, orders, and conditions pertaining to respondents' holding company systems.
---------	------------	---

Summary: On January 8, 2002, Bill Reed, Senior Vice President of Sempra Energy (Sempra), met with Cmmr. Duque in San Francisco. Also present were Lynne McGhee, advisor to Cmmr. Duque; and Leslie Katz, Regional Vice President, Dave Gilmore, Attorney, and Billy Blattner, CPUC Relations Administrator, for Sempra. Reed explained that when the first holding company case was considered in 1985, the intention was to protect the utility from having resources diverted to subsidize unprofitable non-regulated affiliates. Reed stated that the interpretation of First Priority Condition in the draft decision (DD) would turn the ratepayer indifference standard into a ratepayer benefit, a condition San Diego Gas & Electric Company would have rejected. Gilmore noted that the DD interprets capital far more expansively than common usage. Gilmore added that there are no findings of fact or conclusions of law in the DD that justify dismissal of PG&E Corp. from the case.

Summary: On January 8, 2002, Leslie Katz, Regional Vice President of Sempra Energy (Sempra), met with Cmmr. Bilas in San Francisco. Also present were Kevin Coughlan and Julie Fitch, advisors to Cmmr. Bilas; and Dave Gilmore, Attorney, and Billy Blattner, CPUC Relations Administrator for Sempra. Katz explained that when the first holding company case was considered in 1985, the intention was to protect the utility from having resources diverted to subsidize unprofitable non-regulated affiliates. Gilmore stated that the interpretation of First Priority Condition in the draft decision (DD) would turn the ratepayer indifference standard into a ratepayer benefit, a condition San Diego Gas & Electric Company would have rejected. Katz explained that to require a holding company to guarantee the obligations of a regulated utility without just compensation through authorized rate recovery amounts to an unconstitutional taking. Gilmore added that there are no findings of fact or conclusions of law in the DD that justify dismissal of PG&E Corp. from the case.

Summary: On January 8, 2002, Dave Gilmore, Attorney for Sempra Energy (Sempra), met with Cmmr. Brown in San Francisco. Also present were David Gamson, advisor to Cmmr. Brown, Lynne McGhee, advisor to Cmmr. Duque, and Kevin Coughlan, advisor to Cmmr. Bilas; Bill Reed, Senior Vice President, Leslie Katz, Regional Vice President, and Billy Blattner, CPUC Relations Administrator, for Sempra. Gilmore explained that Sempra is not a “public utility” within the meaning of the Public Utilities Code and is therefore beyond the subject matter jurisdiction of the Commission. Gilmore added that had the original holding company decisions specified retained jurisdiction, they would have been rejected by San Diego Gas & Electric Company. Reed explained that when the first holding company case was considered in 1985, the intention was to protect the utility from having resources diverted to subsidize unprofitable non-regulated affiliates. Reed noted that AB 265 specifies that shortfalls are to be recovered in rates. Reed stated that the interpretation of First Priority Condition in the draft decision (DD) would turn the ratepayer indifference standard into a ratepayer benefit, a condition SDG&E would have rejected. Reed noted that there are no findings of fact or conclusions of law in the DD that justify dismissal of PG&E Corp. from the case.
